Subject: RE: Notification of Demolition Form

Eric, thanks for your notification form. The form is missing information for Section XVI – Procedures to be followed in the event that unexpected asbestos is found...

Please provide a brief statement regarding what you will do if you find unexpected asbestos or material becomes damaged - a surprise basically. For example, will you pause the project and bring in an asbestos abatement contractor? Apply additional engineering controls?

Thank you,

John Pavitt, Air Compliance Inspector
Air and Toxics Enforcement Section
U.S. EPA Region 10
Alaska Operations Office
Anchorage, AK
Phone: (907) 271-3688
